Hotel Arc Riche Toyohashi Partner List

Higashi-Mikawa, where mountains and the sea intertwine, is a "A treasure trove of food" that Japan proudly boasts.

Savoring the rare ingredients that impress even the gourmets in large cities, right in their place—this is the true "omotenashi" (hospitality) that Hotel Arc Riche Toyohashi supposes.

To spread this passion from each individual location and throughout the region, we are now undertaking the challenge of nurturing the next generation and creating a new food culture under the concept of "Higashi-Mikawa Food Valley". This concept aims for the sustainable development of food and agriculture.

Through the dish, we hand down the rich climate and culture of Higashi-Mikawa to the next generation. Please enjoy the finest brilliance and true value that the ingredients of this town show.
